

# Memorandum/ Note de Service

XO/13/13

March 27, 2013

**To:** National Board of Directors

**From:** Robyn Benson

**Subject: Boycott of National Public Service Week**

As you are aware, National Public Service Week will be held from June 9 to 15, 2013. This event is to mark the importance of federal public service employees and recognize their service to Canadian society. This is an insult to our members and to our union – considering that the government of Canada is still continuing its assault on federal public services and public service delivery. Our members have received and continue to receive affected/surplus notices.

You will recall that delegates to the 2012 PSAC Convention endorsed the boycott of the 2012 National Public Service Week. Furthermore, a motion was unanimously adopted by NBoD members at its June 2012 meeting. At an AEC and Component Presidents' meeting held March 25, 2013, it was agreed to boycott the event again this year.

We are asking you to encourage all your members to do the same.

In Solidarity,

A handwritten signature in black ink that reads 'Robyn Benson'.  
Robyn Benson,  
National President
